## *Harmonisation and Coordination of European RES-E support mechanisms*

*Consequences for the North East region*

4th March 2008

Holiday Inn Vilnius, Vilnius, LITHUANIA

Intelligent Energy  Europe

## **Introduction: aim of this workshop**

### ***Harmonisation and Coordination of European RES-E support mechanisms***

***Consequences for the North East region***

**Inga Konstantinavičiūtė,  
Lithuanian Energy Institute**

**Vilnius, 4 March 2008**

Starting date - End date: 12/2006 - 11/2008

Coordinator contact details:

Reinhard Haas / Gustav Resch

Vienna University of Technology, Institute of Power Systems and Energy Economics,  
Energy Economics Group (EEG), Austria - Web: <http://eeg.tuwien.ac.at> ,

E-mail: [resch@eeg.tuwien.ac.at](mailto:resch@eeg.tuwien.ac.at) , Phone number: +43-1-58801-37354

List of participants:

- Fraunhofer Institute for Systems and Innovation Research (Fh-ISI), Germany
- Agencija za prestrukturiranje energetike d.o.o. (ApE), Slovenia
- Ecofys bv (Ecofys), The Netherlands
- Ambiente Italia srl Istituto di Ricerche (AMBIT), Italy
- Elektrizitäts-Gesellschaft Laufenburg Austria GmbH (EGL), Austria
- Centralne Laboratorium Naftowe (EC BREC/CLN), Poland
- Lithuanian Energy Institute (LEI), Lithuania
- Risoe National Laboratory (Risoe), Denmark

Project's website: [www.futures-e.org](http://www.futures-e.org)

The core objective of this action is to **better involve Member State stakeholders** in the debate on **policy optimisation & coordination / harmonisation** for *renewable electricity* and the process of *post 2010 target discussion*.

... This will enable a successful and in the long-term stable deployment of electricity from renewable energy sources (RES-E) in Europe ...

# Regional workshops

## *Aims of regional workshops:*

- ✓ discuss consequences of possible policy decisions with respect to the future of support schemes for RES-E from a national viewpoint;
- ✓ discuss possible benefits with respect to policy co-ordination between different Member States;
- ✓ launch the discussion process on post-2010 targets for RES-E at the national level.

# Agenda

## ***Morning session: Status of renewable electricity in the North East Region***

- ***Status of RES-E in countries of the North East region:***
  - Estonia – Ando LEPPIMAN, Eesti Energia AS
  - Denmark – will be shortly presented by Stine Grenaa JANSEN
  - Finland – Petteri KUUVVA, the Ministry of Employment and the Economy
  - Latvia – Dace BITE, Public Utilities Commission
  - Lithuania – Lina UŽŠILAITYTĖ, Energy Agency
  - Sweden – Gunnar FREDRIKSSON, Swedish Wind Energy
  
- ***Consequences of BAU and evolving national policy scenarios: Results from the Green-X model***  
Christian PANZER, EEG – Vienna University of Technology
  
- ***Policy integration, trade offs with other policies and markets***  
Stine Grenaa JANSEN, DTU/Riso

# Agenda

## ***Afternoon session: Options and consequences of increased harmonization / coordination of RES-E policy in the North East region***

- ***EC Proposal for a Directive on the promotion of RES***  
Mario RAGWITZ, Fraunhofer ISI
- ***Defining coordination and harmonisation of European RES-E support mechanisms***  
Mario RAGWITZ, Fraunhofer ISI
- ***Consequences of possible harmonisation and coordination scenario: Results from the Green-X model***  
Christian PANZER, EEG – Vienna University of Technology

## ***Key questions to be discussed within this workshop:***

- ▶ How does your country envisage reaching the 2020 RES target?
- ▶ What policy changes are planned/envisaged in that respect, what more will be needed?
  - ▶ Will your country aim to produce substantially more RES than needed for target achievement (in order to sell surplus to underperforming MS)?
- ▶ What would a regional vision for RES-E support look like?
  - ▶ What kind of regional harmonization/coordination is necessary/desirable?
- ▶ ...

**Thank you for your attention!**

**Successful workshop!**
